RECITALS

WHEREAS, OWNER is constructing or owns a multi-family apartment development designed to contain 83 apartment units to be known as El Conquistador ("Property"), located at 15005 Sherman Way, Van Nuys, California 91405, on property more particularly described in Exhibit "A", attached hereto and incorporated by reference;

WHEREAS, COMPANY is in the business of cable television services such as basic, expanded basic, premium channels, and other cable service either offered now or in the future; and

WHEREAS, OWNER desires to have COMPANY construct, operate and maintain a private cable system (the "System"), at the Property with the features described in this Agreement for the use and enjoyment of the Property's tenants and occupants ("Residents"), upon the terms and conditions hereinafter set forth:

NOW, THEREFORE, in consideration of the mutual promises herein contained and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereby agree as follows:

ARTICLE I - General Provisions

1.01 General. Subject to the terms of this Agreement, COMPANY agrees to install the System and provide cable television services to Residents who enter into subscriber agreements with COMPANY (the "Subscribers"). This Agreement and any amendments thereto, are irrevocable, and the exclusive right of access provided herein and other terms hereof shall run with the land. If the Property is converted to condominiums, OWNER shall include a reference to this Agreement in the condominium covenants and ensure that all purchasers receive actual notice of this Agreement and its terms.

1.02 Services. COMPANY shall offer the cable television services listed herein ("Services") to Subscribers during the term of this Agreement. COMPANY and OWNER agree that during the term of this Agreement, COMPANY may offer Residents other telecommunication and cable television services. These other services shall be deemed to be part of the Services.

1.03 Exclusive Agreement OWNER hereby grants COMPANY, and its authorized representatives or contractors, the exclusive right (a) to provide the Services at the Property and to construct, install, inspect, maintain, audit, repair, replace, service or operate the System on the Property, and, (b) to provide cable television, satellite master antenna service, master antenna service, direct broadcast satellite, broadband telecommunications, or any other type of pay television programming services to Residents of the Property including, but not limited to, basic, premium and pay-per-view cable services.

1.04 Term of Agreement This Agreement shall remain in effect for a term of fifteen (15) years from the date the System begins transmission of the Services to Residents (the "Effective Date"), and shall be automatically renewed for an additional five (5) year period unless COMPANY is in material breach.

1.05 Transmission of Signal COMPANY reserves the right to retransmit all signals from any signal reception equipment located on the Property to any other site of a third party.

1.06 Conditions Precedent to Acceptance of This Agreement by COMPANY.

(a) COMPANY shall be provided with a period of ninety (90) days from the date of execution of this Agreement to review and approve (or disapprove) any and all matters relating to the Property, including but not limited to, laws and regulations, plans, contracts, documents, and a physical inspection of the Property. Within ninety (90) days of the date of execution of this Agreement, Company may decide, in its sole discretion, to terminate this Agreement based on the results of its review of any aspect of the Property.

(b) Within such ninety (90) day period and prior to commencing installation, COMPANY must satisfy itself that it will be able to perform its obligations as set forth in this Agreement and that such performance will not interfere with or transgress upon the rights of third parties including, but not limited to, the rights of public utilities or other public authorities. If within said ninety (90) days COMPANY determines that it will be unable to install and operate the System, and if such inability is curable by OWNER, OWNER shall have the option but shall not be obligated to cure the problem. If a cable contract currently exists at the Property, COMPANY shall begin its performance upon the expiration or earlier termination of such contract and the ninety (90) day period shall be changed to the date such performance begins. The commencement of installation shall be considered to be full acceptance of this Agreement by COMPANY and its agreement to be bound by all terms and conditions of this Agreement;

ARTICLE II - System Installation and Maintenance

2.01 Right of Entry and Access to The Property. OWNER hereby grants to COMPANY, and its authorized representatives or contractors, a "Right of Access" to the Property, including all individual units and common areas, at reasonable times and upon reasonable notice to OWNER or to the Property's manager for such purposes. If requested by a Resident of an apartment unit and with written authorization from such Resident, OWNER will provide access to that Resident's apartment unit for installation or repair of the Equipment by COMPANY. Said Right of Access granted by OWNER shall be in the form set forth in Exhibit "B" hereto and shall be recorded in the public records. Upon termination of this Agreement, COMPANY and OWNER shall execute and cause to be recorded a release of the Right of Access previously recorded.

In addition, OWNER agrees that it will provide, at its own expense, an enclosed control room area on the Property, for the purposes of installing and operating the System. The location of the control room shall be mutually acceptable to the parties hereof. OWNER will further provide adequate electrical power service to the control room for the operation of the System. OWNER will be responsible for payment of the electrical services provided to the control room.

2.02 Wiring within apartment units. Should it be necessary to install or move wiring within an individual apartment, or to add or change equipment locations at the request of a Subscriber, this request shall be provided to COMPANY. 2.07 Repairs to Property. COMPANY shall be responsible for all repairs, patching, and corrections necessary in or about the Property, made necessary by COMPANY's installation or maintenance of the System or the performance of their obligations hereunder.

2.08 Force Majeure. Except as otherwise expressly provided in this Agreement, this Agreement may not be terminated because the other party is unable to fulfill, or is delayed in fulfilling, any of its obligations under this Agreement by reason of strike, other labor strife, governmental preemption or priorities or other controls in connection with a national or other public emergency, acts of God or any other cause beyond that party's reasonable control.

3.01 Use of Property. OWNER does hereby grant without charge to COMPANY, an easement for access to the Property, and use of suitable and adequate space to enable COMPANY to install, operate, maintain and protect the System, including without limitation the use and occupancy of suitable space for installation of signal reception and processing equipment.

COMPANY agrees to indemnify and hold OWNER harmless from any liabilities, claims, damages, costs and expenses arising or resulting from COMPANY's installation, operation, maintenance or repair of its System, except those resulting from the intentional acts or gross negligence of OWNER, its agents or employees. Any damage to any System or loss to COMPANY resulting from the intentional acts or gross negligence of OWNER or its agents or employees shall be the responsibility of OWNER and OWNER agrees to indemnify and hold COMPANY harmless from liabilities, claims, damages, costs and expenses arising or resulting therefrom.

Upon the execution hereof, OWNER agrees to furnish to COMPANY a list of all Residents which shall include the Resident's name, living unit designation, and telephone number or as much of this information as is permitted by Texas law. OWNER further agrees to notify COMPANY of any changes to such list; in no event shall OWNER be obligated to provide such information more often than once every month.

3.07 Service Sales Support OWNER grants to COMPANY, its agents or employees, the right to solicit Residents of the Property at all reasonable times to subscribe to its Services provided that on-site solicitation shall be conducted only with the prior approval of the on-site manager of the Property. OWNER agrees to make reasonable efforts to advise Residents of the availability of COMPANY's television services, by providing Residents with standard brochures and materials most recently provided by COMPANY, to notify COMPANY when new Residents move in or out of the Property, to make available to COMPANY, upon request, a monthly report of the then current occupancy, and to take the application of any Resident of the Property who desires to initiate cable television Services and fax it to COMPANY.

6.04 Disposition of System Upon Termination Upon termination or expiration of this Agreement, OWNER and COMPANY shall mutually determine Fair Market Value of the System. Provided OWNER is not in default under the terms hereof, OWNER shall have the option for thirty (30) days after termination or expiration of this Agreement to purchase the System from COMPANY for the Fair Market Value and in the event OWNER exercises such option, COMPANY shall execute all documents necessary to evidence the conveyance. In the event Owner does not exercise its option to purchase, COMPANY shall have the right, for a period of sixty (60) days after the date of termination or expiration, to remove the System from the Property. COMPANY shall repair any damage to the Property resulting from the removal of the System. Any of the System remaining in the Property, including all wiring, after the expiration of sixty (60) days from termination or expiration of the Agreement shall become the property of OWNER.

NOW, THEREFORE, in consideration of the mutual promises herein contained and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereby agree as follows:

1. SCOPE OF WORK

(a) COMPANY agrees to do all things necessary to construct, install and maintain the Central System including all transmission wires, cables, conduits, amplifiers, junction boxes, trunk distribution, drop cables, dishes and related apparatus and electronic equipment, both active and passive as may be required to enable COMPANY to supply and maintain cable television service to the Property. All portions of the Central System which are installed by COMPANY, including but not limited to, equipment, wires, cables, conduits, amplifiers, junction boxes, trunk distribution, drop cables, dishes and related apparatus and electronic equipment, both active and passive, shall remain the personal property of COMPANY. The cable television service to be provided hereunder includes television programming of all types. COMPANY's right hereunder shall include the right to supply such programming by cable, over-the-air transmission, by

satellite, or by any other means which may become technologically feasible in the future. COMPANY may also, where technology and system capability permit, provide all related cable services thereto including, but not limited to, pay-per-view services, and other television services. All programming and/or services described in this paragraph shall hereinafter be referred to as "CATV Services".

(b) COMPANY shall have the right to provide CATV Services to the individual units on the Property on an exclusive basis to the fullest extent permitted by law. Said exclusive right shall be for a period of SEVEN (7) years, commencing with Effective Date of this Agreement. The "Effective Date" of this Agreement shall be the date service is first activated at the Property. COMPANY is further granted a non-exclusive right, where technology and system capability permit, to provide one-way and two-way transmission of data and signals from any and all sources, hereinafter referred to as "Ancillary Cable Services," to the Property.

(c) Company shall main and upgrade the System as necessary to keep the System in good and operating condition and substantially current with widely prevalent technologies being operated by other full service providers of cable television for other "Comparable Projects". As used herein, "Comparable Projects" shall mean those multi-unit residential projects comparable in quality and size to the Property that lie within the market area of the Property; provided, however, that the foregoing shall not hold Company to a standard based on providers who are providing technologies that are unique, proprietary or experimental or not otherwise being generally provided on a commercially reasonable basis to other Comparable Projects.

2. INDEMNITY AND INSURANCE.

To the fullest extent permitted by law, COMPANY shall indemnify, defend and hold harmless the Association its directors, officers, members, agents and employees against any and all claims, liabilities, demands, actions, causes of action and suits whatsoever, in law or in equity, including such parties' own negligence, but excluding such parties' fraud or intentional or willful misconduct, for damages, penalties, fines, loss, personal injury, death, injury to property including loss of use thereof, injury to intellectual or intangible property and rights therefrom including loss of use thereof, costs and expenses including reasonable attorney's fees, arising out of or concerning this Agreement, or caused by, arising out of, or in any way related to the installation, maintenance, operation or removal of the cable television equipment, or use, attempted use, possession or removal of the cable television equipment, including wiring, located on or serving the Association's or condominium Property prior to the execution of this Agreement, all of the above including acts or omissions of any Subcontractor or anyone whose acts any of them may be liable. COMPANY shall obtain, and maintain for the duration of this Agreement, contractual liability insurance, naming the Association as a named insured, on a primary basis, in an amount not less than One Million and No/Dollars (\$1,000,000.00). This indemnification shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist as to any party or person described in this Agreement. In any and all claims against the Association or any of its members, directors, officers, agents or employees by any employee of COMPANY, any Subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this Agreement shall not be limited in

any way by limitation on the amount or type of damages, compensation or benefits payable by or for COMPANY or any Subcontractor under workers' or workmen's compensation acts, disability benefits acts or other employee benefit acts. The parties hereto specifically acknowledge and agree, pursuant to Florida Statute, Section 725.06(2), that a portion of the consideration given by the Association to COMPANY pursuant to the terms hereinabove in the specific amount of Ten Dollars and No/100 (\$10.00) for each year of this Agreement is specific consideration to COMPANY for indemnification provided for in this Agreement, which indemnification shall survive the completion of the work hereunder and the termination of this Agreement. Neither the contractual liability insurance nor any other insurance required by COMPANY under this Agreement or by law shall constitute a cap or limitation of COMPANY's liability. In the event COMPANY shall breach or violate this provision, the Association shall be entitled to withhold any and all payments/moneys due to COMPANY and to pursue other remedies at law and equity. The remedies provided for herein shall be cumulative and in addition to any other remedies the Association may have against COMPANY.

It is understood that COMPANY may be using subcontractors in the course of this Agreement and that a requirement of this Agreement is for all subcontractors to have insurance equal to that of COMPANY, listing COMPANY as an additional insured. Such Certificate of Insurance shall be provided to the Association for approval prior to the arrival of the subcontractor on the job site, and prior to the commencement of any work by the subcontractor.
